JJJLOUYOLITE

CUSTOM MADE

Your shutters will be custom made in the UK to your exact specifications. The ultra strong polysilk vinyl creates a sturdy and long lasting window dressing that will not chip, crack or peel. The louvres are equidistantly spaced to achieve the perfect aesthetic balance.

STAY LOOKING GOOD

Urban Shutters never require painting or staining as the colour is embedded into the shutter itself. Everyday scratches and dents do not affect the finish or colour - minor scratches can simply be sanded out. Individual louvres can even be replaced – just snap out the old louvre and clip in a new one.

OUTSTANDING STRENGTH

The operating system uses unique Louvrelink connectors that are hard wearing and allow the louvres to close together in both directions giving you enhanced privacy. Using Louvrelink connectors means we don't need to use staples.

WATER-RESISTANT

Urban Shutters are the perfect choice for wet or humid environments such as kitchens and bathrooms.

COORDINATE WITH YOUR INTERIOR STYLE

You can enhance all interiors by choosing from a wide variety of decorative frames for inside and outside mounts.

PERSONAL STYLE

Choose from either 63mm or 89mm louvre sizes in Cotton White or Arctic White allowing you to create the perfect look.

The upper and lower rail sections are available in two sizes, 50mm or 100mm, giving you the opportunity to further stylise your shutter.

INSULATION FOR YOUR HOME

Urban Shutters help reduce outside noise and keep heating and air conditioning costs down with their excellent insulating properties due to the robust cell structure of the frames and louvres.

ADVANCED LIGHT CONTROL

The unique 'Duplex' feature on the tilt bar allows ultimate control of the balance between light and privacy for your room. Duplex allows the top louvres to remain open, allowing in light whilst the bottom louvres remain closed for privacy.

LOOKING NEAT

The spring loaded, self-levelling feature ensures that the panels remain level whilst closed.

FLAME RETARDANT

Urban Shutters are flame retardant to UK standards. They are ideal for both domestic and commercial installations.

EASY TO CLEAN

Your shutters are easy to clean with soap and lukewarm water. Regular cleaning enhances the surface finish of the polysilk vinyl.

HELP PROTECT THE ENVIRONMENT

Urban Shutters are environmentally friendly. They meet all regulations relating to the emission of organic compounds and are 100% recyclable which means no waste management issues.

KEEP CHILDREN SAFE

Urban shutters contain no cords making them child safe.

QUICK TURNAROUND

Your shutters will be custom made at our UK manufacturing plant. This means that the whole process, from initial consultation right through to delivery and fitting of your shutters, can all be done more quickly and efficiently.

SATISFACTION GUARANTEED

Our Urban Shutter range comes with a 10 year warranty.*

PLEASE NOTE: The shutter and frame will not create a total blackout unit.
